PROFILE

I am a dedicated IT graduate with a passion for solving complex problems through technology. I am seeking an entry-level position to apply my technical skills and contribute to a dynamic team.

EXPERIENCE

Luminar Technolab, Cochin — *MERN Full Stack Intern*

Nov 2023 - PRESENT

Acquired extensive hands-on-experience in front-end technologies. Collaborated seamlessly with cross functional teams on real-world projects, contributing to the enhancement of problem-solving skills and deepened understanding of software development principles.

PROJECTS

CLOTH HIVE E-COMMERCE PLATFORM

Technologies Used: MongoDB, Express JS, Node JS, React JS

Developed a full-stack e-commerce web application to facilitate online shopping, focused on delivering a secure and user-friendly shopping experience.Integrated essential e-commerce functionalities including product management, user authentication,shopping cart capabilities, and payment processing.

RECIPE BOOK

Technologies Used: React, json-server

Developed a Recipe Book application that allows users to interactively add, view and delete recipes. This project highlights my proficiency in React for building dynamic user interfaces, coupled with the use of json-server for handling data persistence and manipulation in a real-world application scenario.

SKILLS

React JS

Node JS

Express JS

MongoDB

Javascript

Bootstrap 5

Git & GitHub
